

This exploded perspective view illustrates the assembly of the display device. It shows the following components and their relationships:

- 20**: The top display panel, which is shown being aligned with the frame assembly.
- 107**: A dashed line indicating the alignment or connection point between the top panel and the frame.
- 108**: A component, likely a hinge or support, shown being attached to the side of the frame.
- 40**: The frame assembly, which includes:
 - 401**: The outer frame structure.
 - 402**: The inner frame structure.
- 30**: A component, possibly a bezel or a mounting bracket, shown being attached to the inner frame.
- 201**: Multiple small rectangular components, likely sensors or cameras, shown being attached to the bottom edge of the display panel.
